International Journal of Financial Studies is an international, peer-reviewed, scholarly open access journal on financial market, instruments, policy, and management research published quarterly online by MDPI. Open Access — free for readers, with article processing charges (APC) paid by authors or their institutions. High Visibility: indexed within Scopus, ESCI (Web of Welcome to ISROSET ®. ISROSET ®, is an international multidisciplinary academic publisher.ISROSET are publishing an open access, scholarly peer-reviewed, timely and innovative academic research journals, dedicated to pioneering scientific research for the benefit of humanity, established in December 2012, during this period more than 100 scientists and ... Taylor & Francis offers a range of content platforms to connect readers to knowledge. They are built around customer needs with the aim of facilitating discovery and allow users to access relevant research and information quickly and easily, wherever they are. International Journal of Environment and Pollution Research (IJEPR) is an international, double-blind peer-reviewed journal published by the European Centre for Research Training and Development, United Kingdom. The journal publishes original contributions at the forefront of environment and pollution that together offer complete coverage of key environmental issues. ... 2022-04-27 - As a professional scholar, SIAM is committed to empowering equitable, diverse, and inclusive participation in all aspects of our community. SIAM will provide a climate that encourages the open expression and exchange of ideas, that is free from all forms of discrimination, harassment, and retaliation, and that is welcoming and comfortable to all ... 2021-12-28 - The Metaverse is the post-reality universe, a perpetual and persistent multiuser environment merging physical reality with digital virtuality. It is based on the convergence of technologies that enable multisensory interactions with virtual environments, digital objects and people such as virtual reality (VR) and augmented reality (AR). Hence, the Metaverse is an ...
